

Mixed words mode: fast track, revision

Mixed words (green headings)

When choosing a list, if you select a **green heading** you are offered *Mixed Words*.

Mixed Words addresses the following:

- A 'fast track' revision of words from lists under the selected green heading
- A possible baseline and assessment for lists under this heading

Its features include:

- A new set of words provided for every game
- Words taken from more than one list under the current green heading
- A spelling game ensured every *fourth game*
